LEI
LIGHTING
ETC. INCORPORATED

PRODUCT OVERVIEW

The INX Series is the first general lighting offering in the LEI Industrial Line. It provides an energy efficient, LED Alternative to 250-400 watt metal halide fixtures. It is maintenance-friendly and fully accessible, while the smooth sloping design helps prevent accumulation of dust and debris. The INX Series is your solution for general lighting applications, whether manufacturing, warehouse or general industrial.

PRODUCT FEATURES

HEAVY DUTY, ALL ALUMINUM HOUSING WITH DEBRIS-SHED DESIGN:
Designed for superior thermal management and ease of maintenance.

HIGH PERFORMANCE LED SYSTEM:
Available in (120V-277V) or 480V. Includes custom, metal-clad boards with Samsung 5000K CCT LED chips. Available in 70 or 80 CRI configurations.

IMPACT RESISTANT LENS:
Flat, clear, polycarbonate lens standard.

OPTIONAL LIGHTING CONTROLS:
Optional internal occupancy sensor allows for multi-level lighting control.
